

girls worldwide say   
“sangam”

Greetings from Sangam — your World Home in India and warm wishes for a Happy World Thinking Day.

Sangam means “Coming together”. We hope that you are able to come together, share together, grow together and hope together as you celebrate this day.

We will be sharing our day with International staff, volunteers, guests and over 700 local Guides and Scouts.

May the Spirit of Sangam stay with you throughout the year to come.
