

Our World, Our Home

July 21-30, 2008

- Now, more than ever, we are faced with a struggle to maintain our planet's resources and to ensure that the needs of people around the world are met.

- Come together to explore global environmental issues and work in cooperation with a local organisation on a Community Action Project to improve local conditions in Pune.
- While here explore and discover Indian culture with visits to parks and historic sites. Try your hand at Indian art, talk with local people, explore the markets and bazaars and experience Indian music.
